AND THE  
PRISONER  
OF AZKABAN™

#### **ABOUT PHOTOSENSITIVE SEIZURES**

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these "photosensitive epileptic seizures" while watching video games.

These seizures may have a variety of symptoms including: lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

Immediately stop playing and consult a doctor if you experience any of these symptoms.

Parents should watch for or ask their children about the above symptoms—children and teenagers are more likely than adults to experience these seizures.

The risk of photosensitive epileptic seizures may be reduced by sitting further from the television screen, using a smaller television screen, playing in a well-lit room, and not playing when you are drowsy or fatigued.

If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

#### **OTHER IMPORTANT HEALTH AND SAFETY INFORMATION**

The Xbox video game system documentation contains important safety and health information that you should read and understand before using this software.

#### **AVOID DAMAGE TO YOUR TELEVISION**

Do not use with certain televisions. Some televisions, especially front- or rear-projection types, can be damaged if any video games, including Xbox games, are played on them. Static images presented during the normal course of game play may "burn in" to the screen, causing a permanent shadow of the static image to appear at all times, even when video games are not being played. Similar damage may occur from static images created when placing a video game on hold or pause. Consult your television owner's manual to determine if video games can be safely played on your set. If you are unable to find this information in the owner's manual, contact your television dealer or the manufacturer to determine if video games can be played on your set.

Unauthorized copying, reverse engineering, transmission, public performance, rental, pay for play, or circumvention of copy protection is strictly prohibited.

This product has been rated by the Entertainment Software Rating Board. For information about the ESRB rating, or to comment about the appropriateness of the rating, please contact the ESRB at 1-800-771-3772.

Events take a strange turn, however, when Harry discovers that Sirius Black, the man believed to have betrayed Harry's parents and thus responsible for their murders, has escaped from the wizard prison Azkaban.

Black appears to be seeking revenge on Harry for thwarting "You-Know-Who", while the Dementors, Azkaban prison guards sent to Hogwarts to protect the school and recapture Black, affect Harry in a disturbing way. ## COMPANION PLAY

This adventure is Harry's most difficult yet – so he'll need all the help that Ron and Hermione can give him.

Each companion has special abilities, skills and spells that may be used to carry out tasks and solve puzzles. If one companion cannot complete a task or puzzle, try swapping to other companions and see if they're more successful (they may tell you that they can help!).

### HARRY POTTER

Harry Potter, "the boy who lived", survived an attack by the dark wizard, Lord Voldemort. Harry's athletic prowess is useful when it comes to climbing and jumping gaps.

### RON WEASLEY

The sixth of Arthur and Molly Weasley's children to attend Hogwarts and a loyal friend to Harry. Ron's curiosity makes him a natural explorer and he can find passages that others might miss. In addition, Ron's fondness for items from Zonko's, the magical joke shop, means he's an expert with Stink Pellets and more!

### HERMIONE GRANGER

Hermione's bravery and intelligence can prove invaluable. She is a gifted spell-caster and meticulous with her studies – both of which can help in a variety of ways. Hermione is also nimble and agile when it comes to treading where others may be less able.

## RUNNING, WALKING AND SNEAKING ABOUT

- Move **L** fully in the direction of travel for swifter progress.
- Half-move **L** to travel at a slower, walking pace.
- Push up against certain walls to 'Wall Sneak' (creep along walls and ledges quietly).

## INTERACTING WITH THE WORLD

- Move in close to people and objects to see if you can interact with them. If you can, the on-screen Action Button (**A**) tells you what to do.
- Approach and explore unfamiliar objects – this can be extremely useful in your adventure.
- You can push and pull heavy objects to clear the way, or use them to help you climb.

**Note:** Remember, some items may be too heavy for one companion to move. You might need to call one of the other companions to help using the Call Companion Button (**L**).

## JUMPING, CLIMBING AND HANGING

When every door you've tried is locked and cupboards contain no vital clues, sometimes the only way out of a situation is to climb...

- Harry can climb up and down chains. Press the Action Button (**A**) to make him take hold of one.
- Slowly walk towards a ledge in order to hang from it.
- To drop from a ledge (when hanging from it), press **A**.
- To climb up onto a ledge when hanging from it, move **L** .
- To leap across a chasm, run Harry towards it (his athletic ability allows him to leap across chasms that the others cannot clear).

**Note:** There are a number of different ways to explore. Watch the on-screen Action Button (**A**) as you step up to walls, doors and other objects.

## SPELLS AND CHARMS

Go to the Task screen and select the Sleep Button.

## QUESTS

### FOLIO UNIVERSITAS

Collector's cards detail the famous (and infamous) characters and creatures from magical history and are hugely popular with young wizards in training. You can find collector's cards around Hogwarts, or you can buy them from Fred and George's shop on the sixth floor at Hogwarts. They can then be stored in the Folio Universitas.

### FOLIO BRUTI
